

WALKING WITH DONKEYS/RANDONNEES AVEC UN ANE

Save a donkey from near certain death and have a great time too! too!

Sauvez un ane en peril et passez un bon moment aussi!

Walk with Donkeys Sanctuary.

Alistair & Suzanne run a small donkey sanctuary, near Ierapetra which currently has 10 rescued donkeys which they care for. These donkeys have generally had a hard working life but they are now given love and the care they deserve.

Alistair & Suzanne are trying to do something positive to help. As well as caring for their own donkeys they assist owners in surrounding villages and help to organize the outreach programme of The Greek Animal Welfare Fund whose vet and farrier treat donkeys in the villages. GAWF have also trained them in the care of donkeys, so that they can carry out simple procedures, give injections and diagnose ailments.

To help raise funds they offer walks in the mountains around Anatoli and rides for children. They hope to work with disadvantaged individuals who can benefit from the therapeutic effect of these wonderful animals. If you want a walk or ride, telephone to make arrangements.

If you can help and support in any way they would be most grateful and you could help ensure

the future of their work

Sanctuaire pour âne et randonnées dans l'est de la Crete.

Alistair et Susan ont créé un sanctuaire pour ânes dans l'est de la Crete ou ils s'occupent d'anes qui étaient voués à un mort certain.

Vous aussi vous pouvez les aider. Visitez leur centre près de Ierapetra, faites un don et faites une balade avec un âne.
